6. Description of the activity first shelter restriction date on Tuesday, December 1, 2020
 - a. *Tuesday, December 1, 2020 at 12 midnight to 1:30 AM* – Plaintiff arrived to 112 Southampton St, Boston, MA after my day of normal activities. Please note Plaintiff have slept at 112 Southampton St for 85% of time since September 2020 with no issues. Plaintiff encountered a white male at check-in stating Plaintiff needed a recent COVID-19 test in order to stay there for the night. Later, he stated they did testing all day at 8am, 3pm, and 6:30pm and Plaintiff needed a wristband or white paper stating negative. The weather is heavy rain, windy, and cold. So Plaintiff went to my smartphone to retrieve my results, of course, McInnis Health Group patient portal was down, but Plaintiff already kept a screenshot. Plaintiff showed the guy my screenshot and he stated in the test had to be in the last 48 hours. Then, a black guy came and stated if whoever did not have a test in the last 48 hours could not stay there until the COVID-19 test is done. BPHC Police is standing around and guarding the door while myself and others stand there. So I told the white guy and everyone present, "You better cover your ass." All this action should have been captured on camera. Plaintiff left and stated, "I am going to get you what you want." And at the door BPHC Police black man guarded the door, Plaintiff asked, "Who or what names stated I cannot stay at the shelter?" The BPHC Police black man stated it is the supervisor.

b. *Tuesday, December 1, 2020 at 1:30 AM to 2:00 AM* – Plaintiff walked to Massachusetts General Hospital. Plaintiff got my test and stayed overnight. In the COVID-19, the staff was able to do extra and extensive testing, including chest ex-ray. Same test conduct via nasal swab came back negative

c. *Tuesday, December 1, 2020* – Plaintiff returned to 112 Southamptton with his results, but no one wanted to see them.

d. *Wednesday, December 2, 2020* – Since Plaintiff already knew the McInnis Health Group conducted the testing, Plaintiff went and got tested there too. The test came back negative too.

7. The second shelter restriction date is Sunday, January 3, 2021.

8. Action from BPHC Employees and BPHC Police was denial of shelter in weather of below 32 degrees on Sunday, January 3, 2021.

a. Description of BPHC individuals from second shelter restriction.

1. Black male with foreign accent, medium build, 5'7", brown safety vest, short black hair, dark skinned color, dark eyes, BPHC Employee
2. Black (African-American) female, curvy figure, unique glasses to fit personality, hair wrapped up as if dreadlocked, braided, or wig, no safety vest, sits at check-in, 5'8", maybe supervisor or assistant supervisor, 215 lbs, dresses well depends on the day (sometimes casual, sometimes professional), BPHC Employee
3. Black (African-American) male, supervisor maybe, slender, 5'8", 180 lbs, sits at check-in, blue hoodie normally, no safety vest, black hair, haircut very low, dark colored eyes, no earrings or piercings, no visible tattoos, BPHC Employee

9. Description of the activity from second shelter restriction date on Sunday, January 3, 2021.

a. On Sunday, January 3, 2021, Commonwealth of Massachusetts, County of Suffolk, and City of Boston tried to invoke a rule stating, "Unlabeled or non-readable labels on prescribed medicine cannot be allowed in the building." Please note at 112 Southamptton employees enforced the rule on January 3, 2021 at the time of Plaintiff entry approximately around 11:00 pm to 12:30 am. Plaintiff has the full video on my smartphone and saved it into the cloud and many other places. This is 112 Southamptton second time keeping Plaintiff out of the shelter and sending me into the below freezing temperatures outside. As a new resident of Boston and with the pandemic, Plaintiff already went to all the open shelters, which stated no new residents could come in. Other shelters completely offer no services or totally closed. Since this is Plaintiff's first situation encountering this rule, Plaintiff offered 112 Southamptton St employees to verify the medicine via Google and told them all the businesses and government agencies involved in providing the medications for my conditions. The choices 112 Southamptton St employees gave while pleading total ignorance abyss were as follows

1. Go to hospital to get it relabeled.
2. Go to clinic to get it relabeled.
3. Leave it outside for the current drug addicts currently using drugs inside and outside shelter.
4. Cannot come in with the medication.

It is BPHC's attempt to avert from any individual on pressing charges on dumping perfectly legal medication. Plaintiff chose option number 4 because the medication is prescribed for me by reality of Plaintiff's life mental health issues. Thus, the consequence for the second time by 112 Southampton Street employees leading me to hypothermia and shock, Plaintiff had to keep himself awake all night to ensure Plaintiff make it to a warm location the next morning.
